

Baroda High School,ONGC
Primary Section (Morning Shift)
Maths Syllabus 2026-27 - Std - III

Month	Working Days	Chapter no.	Chapter /Topic	Learning Outcomes		No. of periods	TLM
J u n e	19	1(UT-1)	What's in a name?	The learner will:		10	* Number cards * place value house
				*	Read and write 4-digit numbers		
				*	Understand place value		
				*	Compare and order numbers		
				*	Expand numbers into place values		
		2 (UT-1)	Toy-Joy	*	recognise and name different 3D objects	9	* Toy grouping
				*	locate its faces,edges and corners		
				*	how to use positional vocabulary to describe arrangements (top,under ,between and opposite)		
J u l y	27	3 (UT-1)	Double century	The learner will:			
				*	Add 2-3 digit numbers; Use column addition; Solve word problems; Estimate sums		
A u g u s t	23	4 (UT- 2)	Vacation with My Nani Maa	The learner will:		12+ (3days exam)	* Story-based subtraction
				*	Subtract 2-3 digit numbers.		
				*	Use borrowing method.		
				*	Solve word problems.		
				*	Check answers using inverse operation.		
		5 (Internal)	Fun with shapes	*	Identify 2D shapes	8	* Shape hunt
				*	Recognize patterns		
				The learner will:		4	* rangoli design
S e p t e m b e r	24	5 (Internal)	Fun with shapes (continued)	*	Classify shapes		
				*	Create simple designs		
		6 (UT-2)	House of Hundreds -I	*	Understand place value up to 1000	15+(5 days for revision)	* Bundling sticks, base-10 blocks, Anubhav ganit kit 1 TO 100 chart
				*	Read and write numbers		
				*	Use base-10 blocks		
				*	Compare numbers		

Month	Working Days	Chapter no.	Chapter /Topic	Learning Outcomes		No. of periods	TLM
O c t o b e r	24	7(UT-3)	Raksha Bandhan	The learner will:		12+(9days for exam term 1)	* Beads grouping activity
				*	Understand multiplication as repeated addition		
				*	Use tables		
				*	Solve simple problems		
		8	Fair Share	*	Identify equal groups	3	Sharing sweets activity * activity
				*	Understand division as sharing and divide into groups		
* explore relationship between parts and whole							
N o v e m b e r	7	8 (UT-3)	Fair Share (continued)	The learner will:		7	
				*	define fractions and their terms (halves,quarters ,three quarters),Relate division to multiplication		
				*	Solve simple problems		
D e c e m b e r	26	9 (UT-3)	House of Hundreds -II	The learner will:		15	* Number building games
				*	Expand numbers		
				*	Compare numbers		
				*	Arrange in ascending/descending order		
		10 (UT-3)	Fun at Class Party!	The learner will:		11	real life objects/body parts/ruler/measuring tape
				*	understand the concept of		
				*	understand non standard units of measurement(handspan, footspan and cubit)		
				*	understand standard units of measurement(cm and m)		
				*	compare objects whether longer,shorter and equal in length		
J a n u a r y	24	11(UT-4)	Filling and Lifting	The learner will:		12(+7 days for exam and revision)	pan balance/real life objects(marbles,vege tables)
				*	Measure weight and capacity		
				*	Use standard units		
				*	Compare quantities		
		12	Give and Take	*	Solve real-life problems	5	
				*	Solve addition/subtraction word problems		
* Understand transactions							
F e b r u a r y	24	12(UT-4)	Give and Take (continued)	The learner will:		10	* polypad/anubhav ganit kit/numberline
				*	Apply operations in daily life		
				*	Improve problem-solving		
		13(UT-4)	Time Goes On	*	Read clock time	14	* calender/clock (anubhav ganit kit)
				*	Understand calendar		
				*	Calculate duration		
				*	Sequence events		
M a r c h	23	14 (UT -4)	The Surajkund Fair	The learner will:		14(+9 days for revision)	paper folding/real life objects(leaf,book, paper)/colours for rangoli pattern * activity
				*	Understand money values		
				*	Add and subtract money		
				*	Make bills		
				*	Solve real-life problems
